

Enthusiasm Makes a <u>BIG</u> Difference!

POWER LUNCH Webinar

Monday, May 3 from 12 noon to 12:30 pm

THANK YOU FOR JOINING US TODAY!

We conducted a test in advance, but as you know technology has its quirks! To help you to troubleshoot:

- AUDIO: click your preferred audio mode: use telephone or use microphone & speakers.
 If you cannot get the sound to work, Plan B is to watch the slides scroll silently as you eat your lunch. You'll be blessed!
- VISUAL: if the slides don't scroll properly, Plan B is to go to the Webinar page at <u>www.ChristAtWork.org</u>, open the PDF file containing the slides for today's webinar, and listen to the audio as you scroll through the PDF file.

 Much of what I'll share in the moments we have together today is from the writings and speeches of the Rev. Norman Vincent Peale--a pastor with a passion to minister to businesspeople. NORMAN VINCENT PEALE Material of the metaneous fragment the former of the metaneous fragment www. ENTHUSIASM MAKES the DIFFERENCE www.

As we begin...

- Northeast Christians At Work is a non-profit, all-volunteer workplace ministry. We're celebrating our 10th anniversary in 2010.
- I'd like to thank our webinar sponsors:

Lord & Benoit (<u>www.Section404.org</u>), Scranton Financial (<u>www.ScrantonFG.com</u>) Keep In Touch (<u>www.KeepTouch.com</u>)

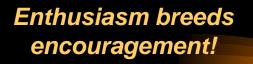

• Let's open in prayer!

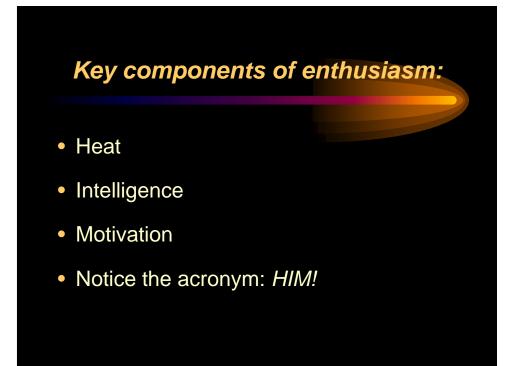

Encouragement @ Work:

We hope this luncheon will help you to move forward with a positive spirit... *in a negative world.*

- Enthusiasm means "passionate admiration or interest..."
- "Religious emotion extravagantly manifested..."
- "God in you..."
- "Fullness of joy."

Beware of <u>uncontrolled</u> enthusiasm!

- Uncontrolled enthusiasm dominates a person, causing him/her to be overheated, overconfident, full of uncontrolled anticipation...
- ...which leads to a "running away" from judgment and reason.

The fruits of <u>uncontrolled</u> enthusiasm are <u>not</u> *good!*

- Unreasonableness
- Attempting to do too much, too soon
- Loud talking
- High pressure
- Eventually, defeat and frustration because it is *overpressed*.

The alternative to enthusiasm isn't good, either!

- A low supply or lack of enthusiasm leads to cooling...
- cooling leads to apathy...
- and apathy makes jobs more difficult, tiresome, and tense. Yuck!

Common "coolants" to enthusiasm:

- The jeers of sophisticates
- The jeers of intellectuals
- The jeers of wealthy cynics
- The jeers of professional critics

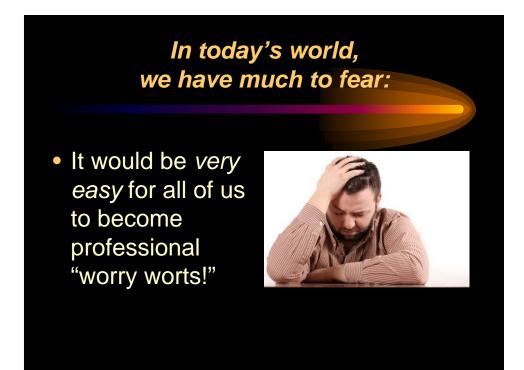

How do you ignite and keep your enthusiasm?

- "Mentally ventilate" at the beginning and end of each day.
- Out with the bad, in with the good!
- Another word for this is "prayer" as described in Philippians 4.

Why mentally ventilate? To cleanse your mind and heart of:

Discouragement	Gloom
Hatred & Prejudice	Envy &
	Greed
Hurts	Worries

Let's look at the verb "to worry" for a minute:

- It means "to choke or strangle" one's personality.
- If you're full of worry, you can't be "yourself!"

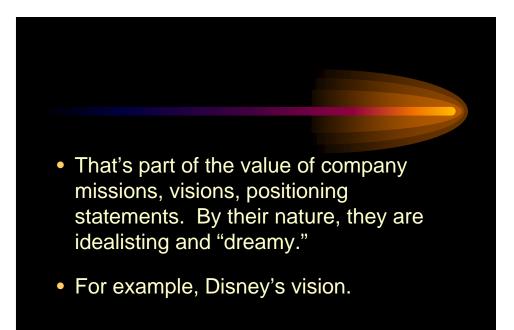

Mentally ventilating gets rid of the negative trash.

- You'll undergo a high degree of "combustion of the mind."
- Remember, the three components of enthusiasm are *heat*, intelligence, and motivation.

What causes "high combustion of the mind?"

- When you are aroused by an ideal that takes your imagination by storm.
- This ideal fires you up!

Once you're fired up, use your intellect!

- Develop an intelligent plan for carrying that ideal into "real world" practice.
- Methodically break down the plan into little, achievable, bite-sized pieces.

After the heat and intelligence comes motivation.

Specific benefits of enthusiasm:

- Joy!
- Motivation!
- Cancellation of fear, paralysis, worry!
- A new perspective on "problems!"

Wow! The Upside of Problems

- With *enthusiasm*, problems become <u>fun</u> because they each have a "soft spot" that carries with it the seeds of its own solution!
- With *enthusiasm*, it's enjoyable and rewarding to be a creative problemsolver!

Today can be the beginning of a new life of enthusiasm!

 It begins with printing the PDF notes of this webinar from <u>ChristAtWork.org</u> (Webinars page) and applying the principles we've covered today!
